

My name is Florian and I am your tutor for Chinese Studies.

As a tutor, I support you in facilitating your study organization and providing help for all questions relating to forms, registrations or scientific work. I myself have already studied the BA Integrated Chinese Studies for 8 semesters and then switched to the Bachelor of Education in Chinese (plus politics as a second subject), which I am now planning to complete in the next two semesters.

Specifically, tutoring applies to students from the 3rd semester onwards. I will support you with matters such as course selection, organization of the ABV and/or affine area, help with the transition from Bachelor to Master, but also with research for and composition of term papers/bachelor theses and with preparing presentations.

However, I am approachable for everyone who doesn't know whom to turn to with a request or question.

I'm currently planning time and form (digital, face-to-face or both) for my consultation hours, but if you already have questions or certain matters you'd like to discuss, you are welcome to email me at any time. My mail address is:

schaefef98@zedat.fu-berlin.de

I wish you the best of luck in whatever lies ahead and I look forward to hearing from you!

Florian
